1 Literature Review

1.1 Key Papers

- Smith et al. (2023) found that...
- According to Johnson (2022), the primary mechanism is...
- Recent studies indicate a correlation between variables (Wong, 2024).

2 Research Questions

1. How does factor X influence outcome Y?
2. What are the underlying mechanisms of process Z?
3. Can the model be improved by incorporating feature W?

3 Methodology Notes

Technique	Application
Method A	Suitable for analysis of time series data
Method B	Better for categorical variables

4 Next Steps

- Collect additional data on...
- Re-analyze using the refined model
- Prepare visualization for key findings
